

Hethertons of Berkshire Ltd

Hethertons of Berkshire operates two outlets in Newbury. The Bakery in Bartholomew Street offers a large range of preservative and additive free bread, pastries and cakes.

The Kings Coffee House, located on the Broadway Newbury, offers the full range of products from their bakery, alongside high quality beverages and freshly prepared food.

What EJBC does for Hethertons:

- Company accountancy and taxation needs
- Personal taxation requirements
- Monthly review of management accounts for both outlets
- Identifying key performance factors affecting profitability

Hethertons opted for our all-inclusive package as it gives the peace of mind that all accounting work will be completed at an agreed, fixed price.

Why did Hethertons choose EJBC?

"As many people will understand, working with accountants can be quite daunting. Working with EJBC is a different experience. Emma and her staff are extremely approachable, helpful and very proactive in offering advice and useful suggestions for business development. I have no hesitation in recommending EJBC to anyone looking for the personal approach to their accountancy needs. We look forward to working with EJBC for many years to come."

SOS Clothing Ltd

A fun, funky, fashionable clothing shop for boys with over 1000 items in stock, from top designer brands, at affordable prices.

SOS Clothing's inspiration came from a small group of Newbury mothers. By using their sons on buying trips, they have ensured everything stocked in the store has had the seal of approval from boys of the right age!

Liz Large is a great example of a young entrepreneur wanting to seize an opportunity quickly and successfully. It was essential that her accountant could assist her with all aspects of business during the key stages of launch and establishment.

Why did SOS choose EJBC?

"I met Emma from EJBC through a networking event. I found her both informative and approachable. We had a lengthy meeting about complicated matters, which Emma understood and grasped easily. I subsequently found myself in the position to set up my own company and instantly knew that EJBC were the people I wanted to deal with. They explained matters to me, helped set up procedures and ultimately became my accountants. I also find that paying by monthly direct debit helps keep the bills in check! And its so nice to find a company that will come to me, as owning a shop can limit my availalbe time."
